BLOUNT COUNTY DEMOCRAT.

SATURDAY, JULY 22, 1882.

FOR GOVERNOR,
JOSEPH H. FUSSELL,
Of Maury County.

DEMOCRATIC EXECUTIVE COMMITTEE.

1. H. F. Coleman, of Hancock.
2. J. W. Caldwell, of Knox.
3. P. D. Sims, of Hamilton.

DEMOCRATIC PLATFORM.

We the Democratic party of Tennessee, in convention assembled, do declare, First, that we are all unalterably opposed to the repudiation of any of our State or National obligations, and are in favor of maintaining inviolate the public faith.

Second—That we recognize the recent settlement of the State debt made by the present Legislature, as in accord with the platform of 1880, both State and National, and as just and honorable, both to the people and the creditors of the State, and declare that it should not be disturbed or readjusted.

Third—That we are opposed to all class legislation and to all partial laws, and to all laws the tendency of which is to impair the obligation of contracts.

Fourth—We are in favor of a liberal system of public schools, so that every child in Tennessee may have a good common school education, and recognizing the good effects of what is known as the "four mile law," by which the number of schools has been increased and crime and vice diminished, we are opposed to its repeal.

Fifth—We favor a policy that will compel railroad corporations, as well as all other corporations and individuals in the State of Tennessee, to bear their equal part of the burden of taxation.

Sixth—We favor the establishment of a railroad commission to regulate freights and tariffs, so as to prevent unjust discrimination, with such powers as shall protect the rights of both the people and the railroads.

Seventh—We are opposed to a constitutional convention at this time, believing that the necessities for such a convention do not justify the danger of opening the organic law to amendment in those times of unsettled political opinions.

Eighth—We arraign the Republican party for its reckless extravagance with the public funds, the issuance of subsidies to the favored few with disregard of the organic and fundamental law of the land as set forth in the Constitution, and for its growing and increasing advance to centralization, as its system of protection to the strong corporations, thereby imposing additional burdens upon the laborer, producer and manufacturer.

Among the medicinal means of arresting disease, Hostetter's Stomach Bitters stands pre-eminent. It checks the further progress of all disorders of the stomach, liver and bowels, restores the vital system, prevents and remedies child and fever, restores the activity of the kidneys, counteracts a tendency to rheumatism, and in a genuine way, and when taken in aged, infirm and nervous persons.

STOP!

It has been formally announced from Bate headquarters in Knoxville that every man in the State of Tennessee who may be so unfortunate as to own some Railroad stock, or who is in any way connected with a Railroad, is to be read out of the Democratic party, without regard to which faction he may belong. In other words, the Bate organs undertake to organize themselves into an army which is to be at war with all the great interests of the country. They are to have emblazoned on their black piratical banner, that "all men who have property are to be read out of the Democratic party, now and hereafter." This is the substance of the war now being waged.

We have loved the Democratic party only too well in the past, because we believed it was a party free from prejudice and passion, organized for the purpose of advancing the material interests of every citizen; and because it was at peace with both capital and labor, and was ready to advance the interests of both, without making war on either.

We are sorry to see the grand old party in the hands of a lot of Communists—men who have no interests but to seek and obtain office, at the cost of every principle that has been advocated by Democracy from the days of Jefferson.

Henceforth, in the proud and successful days of the Democratic party, the counsels of men who had been successful in their own affairs prevailed, and as a result the party was successful. Now, sad to relate, the mob is on top, and bitter and relentless war is made on every man in the party who has been successful enough to accumulate a little of this world's goods, and make a good investment. It is now the policy of such anti-Democratic papers as the Knoxville Tribune to denounce every man who has any connection with a Railroad as a common thief and plunderer, not because he has been guilty of any wrong in making the money to buy Railroad stock—not because he has no capacity to fill an official position as a Railroad man, but simply because he has been successful in his business and investments.

It is time that the young men of Tennessee, who want to be successful in business and want to make money, should stop and take their bearings and see where such Communist doctrines as the Tribune teaches will lead them.

Every young man in Tennessee is interested in the material prosperity of the State a great deal more than he is interested in the temporary success of the Democratic party—especially when that party undertakes to sail under the black piratical flag of Repudiation.

Young men, stop and take a look at things.

If the Bate men succeed in electing their candidate for Governor and a Legislature in harmony with him, that will be the signal for opening a liquor shop at every corner and cross-roads in Tennessee, for the education of drunkards and criminals. The Bate Republicans say "they are opposed to all unequal taxation upon the mercantile and manufacturing interests of the State," which means that the tax on higher class and

distillers shall be made the same as it is on merchants and cotton and iron manufacturers.

Men of Tennessee, do you propose to assist in the election of a man who is not only a Readjuster and Repudiator but is in favor of providing a way to teach your sons to be drunkards?

Every Distiller, every liquor-dealer, both wholesale and retail, in Tennessee, will vote for Bate for Governor. They ought to do so: they nominated him. He is their candidate and will perform their behests. They spent their money in getting delegates to Nashville to nominate Bate, for the purpose of having a Governor who would protect their interests.

If Bate is elected and a Legislature in harmony with him, the "Four-Mile Law" will be repealed, and a doggerly will be established at every cross-roads, for the purpose of educating young men in drunkenness, vice and crime, so as to have consumers for the products of the Liquor Dealers' and Distillers' Associations that nominated Bate.

THE BATE PLATFORM.

The following interferences are from some of the Democratic newspapers opposed to Bate and his platform:

Franklin Progress: The present platform of the Democratic party in the State never stood in history. The day will come and that too very long, when division will pursue its sad and promulgators and all shamefacedness will confine them wherever they go. It is full of mistakes. It is disingenuous with errors, it is weak, unstatesmanlike, and repels with demagoguery, and what is more, it does not reflect the sentiment of the majority of the Democratic party in Tennessee. We defy any man to successfully defend its doctrine.

Columbia Herald: The platform adopted by the joint Convention is subject to serious objections. It is our great desire to see the Democratic party united, and we hope something may be done in the convention to meet the 15th of July, that will yet bring the party together. In this hope we wait until after the 15th of July.

Winchester Home Journal: We do not like the platform. We believe that Tennessee is justly bound for every dollar of her bonds, and when the Convention was trying to determine how much it would exclude, no bondholder was present. Could this be a compromise? We tell you, Tennessee is bound for her paper, and it is nothing but bootleg money for men to talk about not owing the whole of the State debt.

Fayetteville Express: Of all the political heresies and conglomerations of opposites and means ever formulated into any platform of principles, the one adopted by the majority of that Convention stands before the divided world without a parallel or precedent. There is not one single pure Democratic principle in it. It is a violation of every fundamental principle of equity and good faith; it is a devoted political hypocrite that no people on earth can afford to approve.

"For six years my daughter was sick from kidney and other disorders. We had used up our savings on doctors, when our friends advised us to try Parker's Ginger Tonic. Four bottles effected a cure, and as a dollar's worth has kept our family well ever since, we have been able to lay by money again for a rainy day." A Poor Man's Wife.

Mr. John S. Lawrence, planted a peck of the Scotch Barbank potatoes, which yielded 2 bushels of fine potatoes.

Women that have been pronounced incurable by the best physicians in the country, have been completely cured of female weakness by the use of Lydia E. Pinkham's Vegetable Compound. Send to Mrs. Lydia E. Pinkham, 233 Western Avenue, Lynn, Mass., for pamphlets.

HOW TO SAVE.

All kind of savings are subject to millions of attacks which may end in disaster. B. L. Sims, Parker's Ginger Tonic, will keep the system and liver active, and is preventing the most severe cold, sickness, loss of time and expense. Today at such a price is an opportunity. Do not miss it. B. L. Sims, 1000 1/2 St. Louis, Mo.

MONTVALE SPRINGS.

This celebrated summer resort, which is called "The Saratoga of the South," we are glad to say, has fallen into good hands. The many improvements which the present managers have made, makes of it almost a Paradise. Its location is certainly the best in the United States. Situated at the base of Chilhowee mountain, with innumerable Springs gushing forth from the earth, and surrounded by beautiful groves, it possesses everything to render happy the pleasure seeker or cure the diseased. There the accommodations are equal to any on the continent. We are glad to learn that Col. F. G. Martindale, its genial host, has 100 visitors now—all of whom are delighted with the kind and hospitable treatment and grand scenery. The stranger, when he enters the place, is impressed with the grandeur of the beautiful scenery and the fountains of pure mountain water.

Persons from a distance reach this delightful place by boarding the R. & A. train, at Knoxville, in the evening, when it is cool and pleasant, and have a pleasant ride of 16 miles, where they meet the line of new and splendid coaches, which convey them over a beautiful road to Montvale, passing the noted Black Sulphur Springs—a short distance this side of Montvale.

Invalids and pleasure seekers cannot find a more agreeable place on the American Continent.

At a meeting of the colored citizens of Maryville, on Thursday night last, my name was presented as a candidate for Justice of the Peace for the Taxing District of Maryville. Upon taking a vote I received a majority of votes, after which my nomination was made unanimous.

I hereby acknowledge the honor and accept the nomination, and ask the suffrage of all the citizens of the town, irrespective of party, race or creed. I elected, I will try to discharge the duties of the office impartially and as efficiently and faithfully as I can. I will administer the law without fear or favor.

Within sixty days after marriage of any member holding marriage certificate, who has been in the association four months, said member shall receive on each marriage certificate held by him five dollars for every month he has been a member of the association, and will thereby surrender his certificate. If he remains in the association for the full term of 20 months, any time thereafter upon marriage he shall receive the full amount of his certificate. Any member marrying before four months shall forfeit all claims to any benefit from the association.

ENDOWMENT CERTIFICATES shall be issued for \$100, and shall be paid at the expiration of 20 months. If a member holding an Endowment Certificate shall die after remaining in the association four months his heirs shall receive five dollars on each endowment certificate held by him for every month he has been a member.

Collections from members by assessment shall be devoted exclusively to the payment of endowment;—membership fees and dues to the expenses of the association.

SEMI-ANNUAL DUES.

Semi-annual dues of \$1.00 on each certificate shall be paid by each member on or before the 1st of July and January.

OFFICERS.

T. N. BROWN, President.
A. B. McTERT, Secretary and Treas.
J. A. SHAW, General Manager.

FARMERS' BANK, DEPOSITORY.

MARYVILLE MUTUAL AID ASSOCIATION.

The above association is designed to aid those who are limited in resources by their joining other associations of like character, whose policies of \$1,000 or \$2,000 will demand assessments beyond their reach. The plan of the association, we think, is the safest and best of any now in existence, and young men and others will do well to join at once. A member of one of these mutual aid associations, residing in Knoxville and out of \$5 on a reserve fund \$110—on a very good percentage on a few months' investment. As there is no savings bank in this place this is a good plan and a place of such an investment to pay a large percent. on the rate fixed.

SEEK

health and avoid sickness. Instead of feeling tired and worn out, instead of aches and pains, wouldn't you rather feel fresh and strong?

You can continue feeling miserable and good for nothing, and no one but yourself can find fault, but if you are tired of that kind of life, you can change it if you choose.

How? By getting one bottle of Brown's Iron Bitters, and taking it regularly according to directions.

Mansfield, Ohio, Nov. 26, 1881.
Gentlemen:—I have suffered with pain in my side and back, and great soreness on my breast, with shooting pains all through my body, attended with great weakness, depression of spirits, and loss of appetite. I have taken several different medicines, and was treated by prominent physicians for my liver, kidneys, and spleen, but I got no relief. I thought I would try Brown's Iron Bitters. I have now taken one bottle and a half and am about well—pain in side and back all gone—soreness all out of my breast, and I have a good appetite, and am gaining in strength and flesh. It can justly be called the king of medicines.
JOHN K. ALLEN.

BROWN'S IRON BITTERS is composed of Iron in soluble form; Cinchona the great tonic, together with other standard remedies, making a remarkable non-alcoholic tonic, which will cure Dyspepsia, Indigestion, Malaria, Weakness, and relieve all Lung and Kidney diseases.

6

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. Rice, editor of the American Christian Review, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.
Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity, and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.
